# FOOTER

⇒ On clicking , the + , the user will be able to add his / her own book for rent , a modal will appear like this →

A hand-drawn wireframe of a mobile application's add book screen. The interface includes a top bar with a plus sign for adding new books. Below are four input fields: 'Name', 'Author', 'Genre', and 'Description'. A 'Done' button is at the bottom.

=> On clicking on done, it will redirect it to the rental store with a success message on top.
